

OFFICE OF THE DIRECTOR

**DEPARTMENT OF MOTOR VEHICLES**

P.O. BOX 932328

SACRAMENTO, CA 94232-3280

**TITLE 13: DEPARTMENT OF MOTOR VEHICLES****NOTICE IS HEREBY GIVEN**

The Department of Motor Vehicles (the department) proposes to amend Section 156.00 in Chapter 1, Division 1, Article 3 of Title 13, California Code of Regulations to clarify the issuance of Clean Air Vehicle Decals.

**PUBLIC HEARING**

A public hearing regarding this proposed regulatory action is not scheduled. However, a public hearing will be held if any interested person or his or her duly authorized representative requests a public hearing to be held relevant to the proposed action by submitting a written request to the contact person identified in this notice no later than 5:00 P.M., fifteen (15) days prior to the close of the written comment period.

**DEADLINE FOR WRITTEN COMMENTS**

Any interested person or his or her duly authorized representative may submit written comments relevant to the proposed regulations to the contact person identified in this notice. All written comments must be received at the department no later than 5:00 P.M., MAY 24, 2004, the final day of the written comment period, in order for them to be considered by the department before it adopts the proposed regulation.

**AUTHORITY AND REFERENCE**

The department proposes to adopt this regulation under the authority granted by Section 1651 of the Vehicle Code in order to implement, interpret or make specific Sections 5205.5 and 21655.9 of the Vehicle Code.

**INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW**

Vehicle Code Sections 5205.5 and 21655.9 allow owners of inherently low emission vehicles to apply for an exemption to use the high occupancy traffic lanes (diamond lanes) with fewer than the required number of occupants. The proposed amendment deletes reference to the ultra-low emission vehicle as a result of the amendment of Vehicle Code section 5202.5. The proposed amendment also specifies that the vehicle must be shown on the Air Resources Board's (ARB) listing and, if not, certification from ARB must be obtained before the decals will be issued.

**DOCUMENTS INCORPORATED BY REFERENCE**

"Zero Emission Vehicle (ZEV) Parking Decal Application" (REV. 1/2004). The form is being incorporated by reference since it is impractical and cumbersome to publish in the California Code of Regulations a form that will only be used for a specified purpose. It is anticipated that the information currently being provided by the customers will remain the same.

**FISCAL IMPACT STATEMENT**

- Cost or Savings To Any State Agency: None.
- Other Non-Discretionary Cost or Savings to Local Agencies: None.

- Costs or Savings in Federal Funding to the State: None.
- Cost Impact on Representative Private Persons or Businesses: The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.
- Effect on Housing Costs: None.

## **DETERMINATIONS**

The department has made the following initial determinations concerning the proposed regulatory action:

- The proposed regulatory action will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states. This is a voluntary program and decals are only issued to vehicles that qualify.
- The adoption of this regulation is not expected to create or eliminate jobs or businesses in the state of California or reduce or expand businesses currently doing business in the state of California.
- The proposed regulatory action will not impose a mandate on local agencies or school districts, or a mandate that requires reimbursement pursuant to part 7 (commencing with Section 17500) of Division 4 of the Government Code.
- The proposed regulatory action will not affect small businesses. This a voluntary program and the regulation only specifies what is necessary in order to obtain high occupancy vehicle decals.

## **PUBLIC DISCUSSIONS OF PROPOSED REGULATIONS**

A pre-notice workshop, pursuant to Government Code section 11346.45, is not required because the issues addressed in the proposal are not so complex or large in number that they cannot easily be reviewed during the comment period.

## **ALTERNATIVES CONSIDERED**

The department must determine that no reasonable alternative considered by the department or that has otherwise been identified and brought to the attention of the department would be more effective in carrying out the purpose for which the action is proposed, or would be as effective and less burdensome to affected private persons than the proposed action.
